

UK Data Ltd provides fully qualified credit scores, directors information and financial data on UK and Irish limited companies. There are two credit reports available:

Profile Report £8 (excluding vat)

The Profile Report contains Statutory information such as registered name and address, capital, type of accounts filed, and relevant filing dates as well as Credit Risk information, most recent and previous risk score and the latest recommended credit and contract limit.

Full Report £18 (excluding vat)

The Full Report provides Statutory information, Credit Risk Information, Company and industry comparison, Directory information, Filing history, Profit & Loss account, Accounts notes, Growth rates, Ownership Details, Directors and advisors, Balance sheet, and Cash flow Ratios.
